

# Project Charter for

## Awesome Sauce Game Site

### Vision

Provide a safe fun website filled with classic games for children and adults alike.

### Mission

To make a website that can play at least 5 games, users can create an account and saves high scores for all games.

### Success Criteria

### Main Goals

- Have at least 5 playable games (Trivia, Maze, Pong, Simon, tic-tac-toe)
- Have a login (username and password) and signup options (email, name, username, password, verify password) for players
- Save high scores from all playable games

### Stretch Goals

- Make a total of 8 playable games
- Add a database to save the highscores
- Make a public high score chart per game (highest score in each game)
